Exercise Passwords

In the course exercises we create four database environments. Each environment has a **root** and **web_user** account. Take the time now to create the 8 passwords below. The exercises will refer back to this document when you create the passwords.

Passwords for RDS can be any printable ASCII character except "/", """, or "@", and must contain 8 to 41 characters.

Local / Cloud9 (Exercise 1.1, 6.1)

Username	Password
root	
web_user	

ElasticBeanstalk (Exercise 1.2)

Username	Password
